### Rationale

#### Material event

On June 19, 2023, HDFC Limited (HDFC; rated [ICRA]AAA (Stable)/[ICRA]A1+) announced that it has entered into a definitive agreement to sell 90% of its stake in HDFC Credila Financial Services Limited (Credila) to Kopvoorn B.V. (which is a part of the BPEA EQT Group) and Moss Investments Limited, Defati Investments Holding B.V., Infinity Partners (which are a part of the ChrysCapital Group), referred to as the acquirers, for Rs. 9,060.49 crore. Pursuant to the proposed transaction, Credila will cease to be a subsidiary of HDFC with HDFC's stake in the company declining to less than 10%. The proposed transaction is subject to various regulatory approvals including from the Reserve Bank of India (RBI) and Competition Commission of India. The long stop date for the transaction is March 31, 2024. The transaction will also entail an equity infusion of Rs. 2,003.61 crore by the acquirers after the shareholding is transferred.

Earlier, in April 2022, HDFC had announced a scheme of amalgamation, whereby it would amalgamate with and into HDFC Bank Limited {HDFC Bank; rated [ICRA]AAA (Stable)}, subject to regulatory approvals. Upon the implementation of the proposed transaction, HDFC's subsidiaries/associates (including Credila) would become subsidiaries/associates of HDFC Bank, subject to regulatory and other approvals.

On April 20, 2023, HDFC Bank received some clarifications in this regard from the RBI, wherein the RBI permitted the bank to continue holding HDFC's stake in Credila, subject to the shareholding being brought down to 10% (from the existing 100%) within two years from the effective date of amalgamation and not onboarding new customers. Subsequent to the development, [ICRA had placed the ratings on Watch with Developing Implications](#).

#### Impact of the material event

Considering the proposed change in ownership, Credila will cease to be a subsidiary of HDFC/HDFC Bank with their shareholding in the company declining below 10%. Accordingly, in the absence of the benefits of a stronger parentage, ICRA has placed the long-term ratings on Watch with Negative Implications. ICRA will continue to monitor the developments closely

and will take appropriate rating action once there is more clarity on the proposed business plans, post the receipt of regulatory approvals. Given the proposed change in shareholding, the impact on funding and liquidity will be a key monitorable though ICRA expects funding support to be forthcoming from the parent in the interim.

Further clarity is awaited on the restrictions on the onboarding of new customers. Credila is likely to apply to the RBI to remove the restrictions in the backdrop of the recent announcement.

Consolidation/Standalone	The ratings are based on the standalone financial statements of the company

## About the company

HDFC Credila Financial Services Limited was founded by Mr. Ajay Bohora and Mr. Anil Bohora in 2006. Credila, which received a non-banking financial company (NBFC) licence in 2007, is the first financial services company established as a specialised institution for originating, holding and servicing education loans. On December 12, 2019, HDFC bought 9.12% of the equity share capital of the company on a fully-diluted basis from the other shareholders, Mr. Ajay Bohora and Mr. Anil Bohora, making Credila its wholly-owned subsidiary. Credila was converted to a public limited company with effect from October 8, 2020. Credila, which is a key subsidiary of HDFC, leverages HDFC's brand name and infrastructure in the form of a shared branch network and manpower.

**Key features of rated debt instrument**

The perpetual debt programme is rated one notch lower compared to the other long-term debt programmes to reflect the specific features of these instruments wherein debt servicing is additionally linked to meeting the regulatory norms on capitalisation and reported profitability. The domestic regulatory norms include regulatory approvals from the RBI for debt servicing (including principal repayments) if the company reports a loss and is not liable to service the debt if it breaches the minimum regulatory capitalisation norms.
